

Managing Your Herd in Stocket

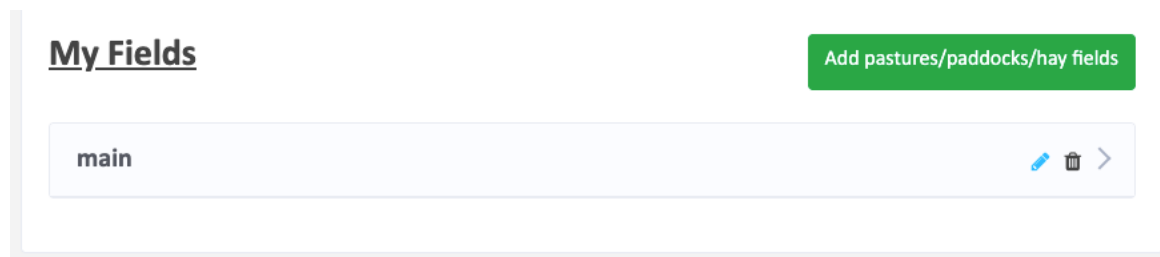

Once your herd has been created, you may occasionally need to update information, reorganize groups, or review herd records. This guide explains the most common maintenance activities within Stocket.

Once you have finished the three steps included in the article, “Your first 30-minutes in Stocket, you can easily manage that information. The following guides will help you do it.

Edit Locations

Locations can be updated whenever pasture names, paddock information, or field details change.

1. Profile
2. Profile Manager
3. Description
4. Pencil icon to change details for one of your fields or
5. Trash can to delete one of your fields

Edit Groups

Groups can be modified as animals are reorganized throughout the year.

1. Manage
2. Animal
3. View & Edit Groups

4. Details
5. Edit
6. Enter your Information
7. Submit

Edit group
